PARTNER Strong, long term partner

We have been working with our partner here for many years now. He has always provided a great level of service to our hunters, and we are therefore very pleased with our cooperation.

Our partner is a wealthy Bulgarian who employs 20 people to take care of his stud farm, hunting organisation and forestry on his approx. 20.000 hectare district.

Our partner has delivered great trophies, time and time again. Our hunters will be accommodated in a hunting lodge, which is extremely luxuriously furnished. Here you find both an outdoors swimming pool and an indoors spa/wellness area.

The hunt organisation is very professional, and provides a very high standard of service. Everything from the hunting to the accommodation is exceptional. The lodge is in a class of its own, and would make a particularly suitable venue for a hunt for companies board of directors, or for inviting a good business associate.

HUNTING AREA Beautiful hilly nature

The district is in central Bulgaria, around a 2.5 hour drive from Sofia airport, most of which is on motorways. The hunting district covers some 20,000 ha. and consists of a beautiful, hilly terrain, 500m -1,300m above sea level, part of the Stara Planina mountains.

The district has particularly good populations of red deer, fallow deer, roe deer, mouflon and wild boar. We can therefore offer well organised, professionally guided individual trophy hunts here, and here you have the opportunity to hunt for big trophies.

For those who might be interested, there is also the possibility of horse riding here, as our partner has 12 horses available for guests.

About us

i

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
