

AUTUMN HUNT FOR ROEBUCK IN FRANCE

Through our well known French partner in Mauritius we have gained access to an exciting hunting district in the Haute Garonne region, on the French side of the Pyrenean Mountains. Our partner previous worked in this district himself, both as a guide and as a gamekeeper, and can warmly recommend both the organisation and numbers of game here. The area offers superb roebuck hunt - and a great hunting experience in France. During 2013 we have had several hunters in the area, and they were all most

ACCOMMODATION

Accommodation - Gers, France

During your hunt you will stay in a small hotel/guest house close to the hunting district. We use a number of different establishments, but generally speaking they are all very charming, often in equipped with modern facilities such as delightful rooms, with private bath and toilet, common sitting areas, wifi, and some even have a swimming pool. Do not expect to loose weight here. Normally you will enjoy a light breakfast early in the morning before going out hunting, then when you return you will be served a delicious brunch. Of course there is also a wonderful dinner, with taste French specialities and a good glass of wine.

On top of the hunting, this region of France is also very interesting. Here where the country is at it narrowest, it is only around 200 km to both the Atlantic Ocean and the Mediterranean Sea. There are many exciting historic towns and chateaux, for example Toulouse, the famous town of Lourdes and Pau, while the tiny country of Andorra is also close by. The wonderful food and wine of the region is well worth the trip by itself. All in all, it is a very attractive destination for the non-hunting part of the family.

The easiest way to get here is to fly to either Toulouse or Pau,

and the hunt manager can arrange for you to be collected at the airport in Toulouse and transferred to the hunting district. Naturally we would be happy to help you book flights.

If you would like to spend a few extra days in this part of France, and possibly bring your family along, then we would recommend that you hire a car.

Our partner, Julien, is both an outfitter and professional hunter, who has been carefully building up his successful company over a number of years. We have enjoyed an excellent working relationship with Julien since 2012, and he has really taken great care of our hunters, giving them some great hunting experiences and some fine trophies.

Julien offers roebuck hunting during the summer, while during the autumn and winter he concentrates on hunting chamois, mouflon and red deer.

Together with his skilled hunting guides, he takes care of all aspects of your hunt and accommodation here. He makes sure you will stay as close to the hunting district you will hunt in as possible, that all the licenses and paperwork are taken care of, and that your trophies will get the best possible treatment.

HUNTING AREA

Gers & Pyrenees Atlantique

The two roe deer districts are respectively in the Gers region, close to the town of Auch, and in the Pyrenees Atlantique, where the regional center is Pau. From Toulouse it's around a 1½ hour drive to Auch, while the districts close to Pau are circa a 3-3½ hour drive from Toulouse. It's also possible to fly to Pau, from where it's about an hours drive from the hunting district. Our partner has more than 60,000 hectares of hunting. The terrain is extremely beautiful, fertile and varied. It is relatively mountainous with "gentle hills", woodlands, plenty of hedgerows, small copses, grassy meadows, steep, narrow ravines, and farmland growing a wide range of crops including wheat, sunflowers, maize, pasture and more. It provides one of the best reedier habitats that we have come across. Hunting pressure is limited, and there is a great chance of shooting a very good mature buck.

During the years that we've been offering roebuck hunts here, medal winning bucks have been shot annually, including a number of gold medal standard.

The best period to hunt roebuck is in June, July and up to 10th August. However in September it is possible to combine a

roebuck hunt here with hunting for red deer, or for chamois in a different district.

A maximum of 3-4 hunters can hunt here at the same time, and you can choose between hunting 1:1 or 2:1. If you choose 1:1 guiding a maximum of 2-3 can hunt the same district simultaneously. The hunt is a blend of lying in wait and stalking, with stalking being the predominant form of hunting.

The French hunting guides are very experienced, but please don't expect them to anything other than French, but as everywhere else, hunting has it's own universal "language". The hunt manager and most of his permanent staff do speak good English however.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
