ACCOMMODATION Camp Lukwati

The camp has been built in typical East-African style and is of a very high standard. It is beautifully situated, very comfortable, and offers spacious insect-proof tents (double tents) equipped with good beds, bed-linen, bedside tables, clothes-racks, shelves and chairs. All tents also have private toilets and showers, with hot and cold running water. Furthermore there is a cozy mess "tent". A well-stocked bar with a refrigerator to provide ice cold drinks is naturally also part of the camp.

Meals are of a very high standard. Every morning you will be served a good solid breakfast including fresh fruit, bacon and eggs, freshly baked bread, and coffee or tea. Lunch in camp consists of 2 -3 courses, while on the days you are hunting in far flung parts of the district, you will bring along a delicious picnic lunch. Dinner always consists of a 2-3 course meal, with a selection of good wines, spirits and other drinks that match the high quality of the food.

A 4 wheel drive ATV is at the disposal of our hunters. Even though this vehicle is in the best possible condition, and that there are good mechanics employed in camp, the terrain here is very

hard on all vehicles, you must make allowances for the fact break-downs do occur occasionally, which can lead to the loss of some time that would have been spent hunting.

There is a radio transmitter in camp, so it is always possible to contact the head office in Dar-Es-Salaam. It is also possible to hire a satellite telephone for US\$50 per week.

On arrival at Dar-Es-Salaam or Arusha/Kilimanjaro you will be met by a representative from the safari company, who will help with arrivals formalities. He will also help with arrangements for your transfer to the hunting camp, either using domestic flights and a car, or a chartered light aircraft.

HUNTING AREA

Lukwati South Game Reserve

Lukwati lies in western Tanzania and this fantastic big game district is one of the absolute best that Tanzania can offer. It is one of the most productive and best taken care of hunting districts anywhere. For many years the former concession holders made great efforts in the fields of wildlife management and poaching control, while the district's remote location also helps to protect the game populations here.

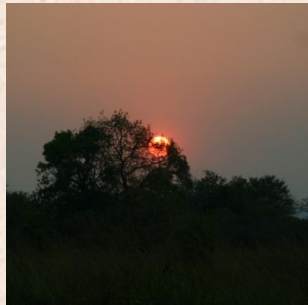

From the north-eastern shores of Lake Rukwa, this hunting concession stretches east "the Escarpment" to large, pristine miombo forests. The district is renowned for big buffalo, sable, it's many leopards, and a very high success rate for it's hunts for handsomely maned lions. Lukwati is a wonderful natural biotope with a high level of diversity: the large lake, Lake Rukwa, marshes and swamps, forests, rivers, open savannah, rocks, mountains, and water from natural springs.

In Lukwati it is possible to hunt the following game species: lion, buffalo, leopard, elephant, sable, kudu, roan, eland, hippopotamus, crocodile, Lichtenstein's Hartebeest, Defassa Waterbuck, zebra, southern reedbuck, warthog, oribi, bushpig,

common duiker, impala, hyena and jackals.

It is possible to charter a light aircraft to fly you directly to Lukwati from either Arusha or Dar Es Salaam. It is also possible to take a scheduled domestic flight to Mbeya, from where it is approximately a 4-6 hour drive to camp, depending on weather conditions.

The hunting season in Tanzania is from 1st July to 31st December. The best period to hunt at Lukwati is from August to November.

About us

i

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
